RE: CORONAVIRUS DISEASE 2019 (COVID-19) – BUSINESS IMPACT

Dear Valued Customer:

Letco currently sources compounding chemicals and supplies from a large number of countries, including China. We are closely monitoring our supply chain and coordinating with our supply partners daily to identify any potential disruption to product flow as a result of the recent novel Coronavirus 2019 outbreak. As of now, we do not expect any disruption to our supply chain and Letco's ability to continue to service you for all of your compounding needs.

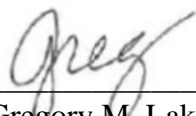

We will continue to monitor the Coronavirus 2019 situation closely and provide updates as they become available.

Please contact Letco's Compounding Support Services team at 877-538-2679 or compounding@letcomedical.com if you have any additional questions or concerns.

For specific information regarding Coronavirus Disease 2019, please consult the Centers for Disease Control and Prevention website: <https://www.cdc.gov/>.

Sincerely,

LETCO MED:
